To whom it may concern:

Re: Sunit Toor

I am writing this letter of reference for Sunit Toor. I can confidently state that she is a very strong and hardworking individual that should be considered for this scholarship.

I employed Sunit to distribute my real estate flyers around the town of Shelburne. She worked for me while attending high school and working another job at the pharmacy. Through the course of her employment, I had the privilege of getting to know Sunit. She is a very smart and hardworking individual. I can say with confidence that she becomes deeply committed to anything she takes on. Sunit always went above and beyond her role and never failed to surpass my expectations.

I'm especially impressed with how well she balances her school, work and extracurricular activities. Based on my knowledge, Sunit commutes one hour to attend language classes every Saturday morning, traditional dance classes (called Bhangra), and also goes to music classes to learn the harmonium. She is also a top achiever at school and is involved within different counsels in the school. She has won several awards over the years for her hard work and dedication. I actually attended a speech competition that she partook in and won first place in this competition, going to Ottawa to compete on a national level. I have not encountered a 17-year-old who works as hard as Sunit does.

I believe that Sunit Toor deserves this scholarship and I know that it will definitely help her persevere in post secondary studies. She is a very independent child and she will continue working hard to provide for herself in University. This scholarship would help her in paying for her education.

I know that Sunit is a great candidate for this scholarship and I hope this reference letter helps you see this. Please call me at 416- 805-4941 or email me at parmgrewal@outlook.com if you have any further questions or concerns.

Sincerely Yours,

Parminster Grewal
