Dear Christina Naomi Campbell,

Congratulations! We are pleased to inform you that you have been admitted to the University of Ottawa in the:

**Honours Bachelor of Science in Nursing
(French Immersion Stream)
2021 Fall Term
Offered in English**

We ask that you carefully read this offer and respond by the prescribed deadline in order to secure your place in the program.

You are among a select group of students who we have chosen to admit at an earlier date because of your excellent academic record in Grade 11.

It is important that you carefully read this offer of admission and understand all terms and conditions. Your Grade 12 results will determine if you meet these conditions. All new students must receive their Ontario Secondary School Diploma and have a minimum of six eligible 4U/4M courses, including any required prerequisites. Please ensure that you have completed prior to the start of the term, the prerequisites specific to your program of studies that you will find by clicking this link:

<https://www.uottawa.ca/undergraduate-admissions/admission-requirements-ontario>

Given your outstanding record, you have been awarded an Admission Scholarship of \$3,000. To keep your scholarship, you must have a final admission average of 80%. You have been awarded the French Studies Bursary of \$1,000. This automatic bursary, conditionally renewable for three years, would allow you to receive up to an additional \$4,000 automatically during your studies.

If you maintain a university average of at least 8.5 (approximately 82.5%) or 7.5 in Civil Law (approximately 77.5%), you can receive a Merit Scholarship of \$1,000 per term (up to \$3,000 per year or \$7,000 for a four-year program) as soon as the second term of first year (if you have not received an Admission Scholarship) or in second year (if you have received an Admission Scholarship). For more information, please visit [Scholarships and bursaries](#), scroll down and click **Scholarships and bursaries for enrolled students**.

To determine if we can offer you a better scholarship (if you have not received the maximum amount awarded), we will recalculate your scholarship average once we receive your final first semester 4U/4M grades and again in July based on your final grades. We therefore recommend that you continue working hard to achieve the best possible results in your 4U/4M courses.

The Faculty of Health Sciences strives for excellence in its teaching and places a strong emphasis on research. Offered in both official languages, our undergraduate, graduate and postgraduate programs cover seven health-related fields. We have entered into agreements with more than 250 clinical agencies and community organizations to offer our students the best clinical experiences and training possible. Our educational requirements are such that we can provide our students the innovative training they need to ensure and promote the health and well-being of individuals and populations alike. Our students will become healthcare professionals and recognized researchers highly sought after by top employers.

The Faculty of Health Sciences strives for perfection, and our innovative teaching methods and state-of-the art research programs are gaining us a place among national and international leaders. In choosing the Faculty of Health Sciences, you are choosing excellence and investing in a great future.

The University guarantees you a room in residence. In order to hold your room, follow the instructions on the [Housing Portal](#) and be sure to pay the housing deposit by the deadline.

We will send you more information on course enrolment once you have accepted your offer of admission.

If you have any questions regarding this offer or about the University of Ottawa, do not hesitate to contact us at admissions@uOttawa.ca. In the meantime, check your emails as we will send you information on what's going on at the University.

We look forward to welcoming you as a University of Ottawa student!

Sincerely,

Jill Scott
Provost and Vice-President, Academic Affairs
