Skills

- Performance and scalability optimization
- Software development
- Data collection and analysis
- Data analysis and Database development
- .Net development
- Software testing
- Experience with Data Structures and Algorithms
- Networking
- Technical support
- Advanced knowledge of C# and Java
- Graphic design

Education

University of Lagos 2017 - 2021

Bachelor of Science: Computer Science

I have learned how to be a proper software engineer and developer. Building well documented software that are ready for change and easy to understand.

I have also learned how to be a project manager, while I involved myself in various hackathons.

My knowledge of data structures has increased greatly, so I develop using the best data structures for the project.

Certifications

Certificate of Participation in: Cysec Tech cyber security and Esolutions
Sololearn Fundamentals Certifications :Java, C#, Sql, C++
