November 17th, 2020

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Christina Campbell, Grade 12 student at Cardinal Leger Secondary School.

I have had the privilege of working with Christina for the past 3 years, where she has proven herself to be a responsible student, strong leader, and dedicated member of our Cardinal Leger community. Her extensive involvement in extra-curricular activities both within and outside of school are a testament to her strong work ethic and determination to succeed in all that she does.

Enrolled in our Extended French program, Christina has always proven herself to be a highly intelligent and hardworking student. She holds an exemplary academic record having achieved Honour Roll status in all four years at Cardinal Leger. In addition, Christina earned Academic Achievement Awards in different disciplines, including Healthcare.

In addition to her academic success, Christina possesses exceptional leadership skills. With a passion for the Sciences and Healthcare, Christina is the co-founder and co-president of Leger's first ever HOSA Chapter. She has been instrumental in promoting the program and ensuring that there is a variety of resources available to students wishing to pursue a career in the Health Sciences. She is also the Student Leader and Executive Director of our Equity Through Diversity group (of which she has been a member since Grade 9), which meets once a week to discuss and raise awareness of equity issues which affect our community and beyond. She has also been a member of our Student Council for the past four years and currently holds the position of Minister of the State which allows her to sit on our Parent Council meetings and represent the voice of her classmates. In all these positions, Christina is insightful and presents herself with an intelligence and poise that is well beyond her years.

A well-rounded student, Christina has also participated in Athletics (Track and Field, Ultimate Frisbee and Tennis), Co-curricular clubs such as the Debate Club (in both French and English), the Chaplaincy Team, the Newspaper Club and the Ambassador's for Change Program (for the National Holocaust Remembrance Ceremony). Outside of school, she has extensive volunteer experience at Peel Memorial Hospital in Brampton, in the Diagnostic Imaging Department.

Christina's strong work ethic, solid leadership skills and academic success will serve her well as she continues to grow and develop towards her future goals.

If you require any further information, please do not hesitate to contact me at the number listed below.

Thank you for your time and consideration.

Laurie Condo
Vice Principal
Cardinal Leger Secondary School

RE: Christina Campbell

To whom this may concern,

I am pleased to write the following letter of recommendation for Christina Campbell. Christina is an active volunteer at the William Osler Health System, Peel Memorial Centre site. She volunteers with our organization since September 2019 and has contributed a total of 52 hours to date.

Christina volunteers in our Diagnostic Imaging department. Her role involves assisting CT Technologists in the preparation of all patients scheduled for a procedure. As a volunteer, she ensures that patients are registered, changed and escorted in for their scan, organizing all patients in an orderly flow. Christina also helps by providing excellent customer service and acting as a liaison between staff and patients. Diagnostic Imaging is a busy, demanding environment and requires volunteers who can work efficiently and co-operatively alongside our staff, which Christina excels at.

Christina has proven to be a dedicated and motivated volunteer. She is extremely consistent and reliable in her attendance. By donating her time, Christina has shown her commitment to community volunteerism and to the mission of our hospital which highlights her compassion and commitment to others. Christina is a valuable member of our volunteer team and I strongly recommend her and wish her every success in her future goals.

Best Regards,

Kamandeep Gill
